LOOK AT THE WORLD

Discover new sensations, enjoy spaces never imagined before, share your experiences...LOOK AT THE WORLD with CLAROFLEX®.

The exclusive frameless glazing system by CLAROFLEX® will allow you to enjoy new and unique sensations of freedom and bring a new dimension to your home, outdoor space or business.

SECURITY AND SIMPLICITY

CLAROFLEX® frameless system, a practical alternative to conventional balcony glazing and standard glass curtain systems.

CLAROFLEX® system works by panels sliding over the tracks without complex bearings making it the most reliable on the market.

All the materials and components used by CLAROFLEX® are equivalent to the leading upvc & aluminum brands in the market, fulfilling all quality and security requirements and standards.

CLAROFLEX® minimizes the wearing of the system by the regular use, which means higher reliability and security.

CLAROFLEX® produce a reliable system based on an exquisite simplicity.

WE ADAPT TO YOU

CLAROFLEX® is available in many different options. Choose the configuration that best suits your needs. Decide the finishing, the openings, the size, etc.

CLAROFLEX® is a 100% customize system.
